

NEW Deep Seeking, All Terrain AT GOLD

Available Now!

AT Gold™ Metal Detector

Includes:

- 5"x8" (14x20cm) PROformance™ Double-D submersible searchcoil (as shown)
- Garrett MasterSound™ headphones (waterproof headphones sold separately)

WATERPROOF TO 10 FEET OR 3 METERS

Deep-seeking True All Metal Mode Performance for All Terrain Prospecting!

Highly Recommended - Prospecting, Coin, Jewelry, Cache Hunting, Relic Hunting, Organized Hunts and Shallow Fresh Water Hunting

Not recommended for saltwater use or surf hunting

AT Gold includes 18kHz frequency for enhanced detection of small gold nuggets, jewelry, coins and relics!

Key Technology and Features

	<p>ALL-METAL MODE True All-Metal mode offers deepest detection depth and sensitivity on the smallest nuggets.</p>		<p>ALL-METAL IRON AUDIO™ A Garrett exclusive feature that allows user to audibly identify iron objects even while operating in a True All Metal Mode.</p>
	<p>GRAPHIC TARGET ANALYZING™ Simultaneously shows the target's conductivity and the detector's discrimination pattern.</p>		<p>GROUND BALANCE (MANUAL) Allows the user to manually adjust the detector's ground balance to reduce the detrimental effects of ground mineralization.</p>
	<p>ALL TERRAIN Designed for use in wet, humid and dusty environments. Weatherproof housing can be immersed in water to 10-foot (3m) depth.</p>		<p>GROUND BALANCE WINDOW™ A Garrett exclusive feature that allows user to "spread" the ground balance setting to reduce the response to subtle ground variations.</p>
	<p>DIGITAL TARGET ID Numeral scale from 0 to 99; indicates a target metal's conductivity for increased ability to distinguish targets from each other.</p>		<p>FAST TRACK™ GROUND BALANCE Automatic feature that allows user to quickly ground balance the detector in mineralized soil conditions.</p>
	<p>HIGH-RES IRON DISCRIMINATION™ Provides 40 points of iron resolution—controlled with touchpads and viewed as a digital number on the LCD—for the most precise ability to separate a good target from iron trash.</p>		<p>ELECTRONIC PINPOINTING This Non-Motion All-Metal Mode is used to precisely locate a detected target's location in the ground.</p>
	<p>ADJUSTABLE THRESHOLD Allows the user to manually adjust the audio threshold (constant background sound) to better hear targets.</p>		<p>ONE-TOUCH™ TREASURE HUNTING With the touch of a button, your metal detector is: powered on; automatically reset to factory (or your) settings; and ready to search!</p>
	<p>PRO MODE AUDIO Proportional audio response and Tone Roll Audio™ features provide more target information.</p>	<p>Depth Indicator: Continually shows depth of coin-size objects.</p>	
	<p>IRON AUDIO™ Allows user to hear discriminated iron and to audibly identify problematic flat iron objects like bottle caps and washers.</p>	<p>Battery Condition Indicator: Shows battery life continually</p>	
		<p>Search Modes: 3 plus electronic pinpointing</p> <ul style="list-style-type: none"> • Select from True All Metal, Discrim 1, Discrim 2 • Electronic Pinpointing 	

AT Gold™ Metal Detector

Product No. 1140680.....

Specifications

Target ID Cursor Segments	20
Iron Discrimination Segments	40
Search Modes	3
Sensitivity/Depth Adjustments	8
Electronic Pinpointing	Yes
Frequency	18 kHz
Audio Tone ID Levels	3
Standard Searchcoil	5" x 8" (14x20cm) DD PROformance™
Length (Adjustable)	42" to 51" (1.06m - 1.29m)
Total Weight	3.03 lbs. (1.4 kgs.)
Batteries	4 AA (included)
Warranty	2 Year, Limited Parts/Labor

Standard AT Gold™ Searchcoil

5" x 8" (14x20cm) PROformance™ DD submersible searchcoil
Product No: 2222800.....

Optional AT Gold Searchcoils

9" x 12" PROformance™ concentric searchcoil
Product No: 2222700.....

8.5" x 11" PROformance™ DD submersible searchcoil
Product No: 2222400.....

6.5" x 9" PROformance™ concentric searchcoil
Product No: 2222600.....

4.5" Super Sniper searchcoil
Product No: 2222500.....

Accessories

Garrett [headphones](#), [bags](#) and [backpacks](#)

Submersible Headphones
PN: 2202100....

9" x 12" Coil Cover
PN: 1612600...

8.5" x 11" DD Coil Cover
PN: 1606600...

6.5" x 9" Coil Cover
PN: 1605700...

5" x 8" DD Coil Cover
PN: 1607400....

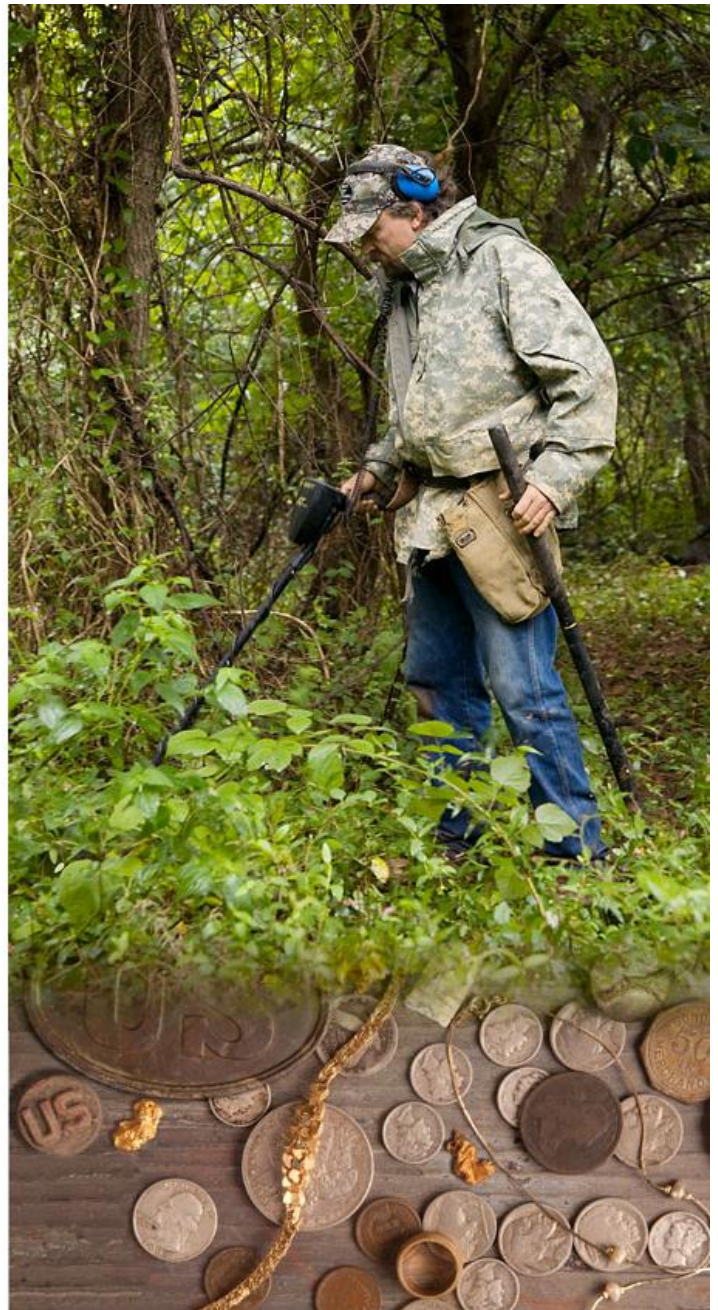

4.5" Coil Cover
PN: 1604200...

1/4" Headphone Adapter
PN: 1626000....

- Allows land-use headphones with a 1/4" male jack to be used with the Garrett *AT Gold*, *AT Pro*, *Infinium* and *Sea Hunter* models. (Not intended for submerged use.)
